Specimen copies mailed free on application.  
Correspondents wanted in all parts of the county. Address us for particulars.

THURSDAY, JANUARY 13, 1898.

F. W. Vinson has bought an interest in the Princeton Republican.

The Fairview Eagle appeared for the first time Wednesday of last week. It is published by F. M. Mullen.

Louisville is preparing for a May music festival the subscriptions to secure, which have been made with great promptness by Louisville business men.

The total number of failures of banks, loan and trust companies in 1897 was 105, says Bradstreet's, a little more than half those of 1896 and less than one-fifth those of the year 1893.

According to the Treasury and bank statements there is in the country about \$740,000,000 of gold at present. This does not seem enough of a scarcity to create anything like a financial panic this year.

Southern cotton manufacturers going in large quantities to Alabama. Southern Iron is going to ship five thousand tons of iron to Alabama in one week. In competition with England and at \$4 less a ton than for English products.

Reports from this country for 1897 were over \$82,000,000 in value, an increase of over \$5,000,000 over October. The exports of November were, as compared with last year, over \$6,000,000 less; for 1895 \$22,000,000 less, for 1894, \$24,000,000.

It is probable that the Commercial will start a new afternoon paper. It probably has something to say against what it chooses to call the Post's onslaught on the Commercial's change of management. The latter is not to be accounted a very quiet creature by the Commercial's description. The latter is not to be accounted a very quiet creature by the Commercial's description.

It is announced that the Louisville & Nashville Railroad has agreed to give free transportation over its lines to delegates to the Alabama Good Roads Convention at Anniston. This is in line with the progressive policy of the Louisville & Nashville Railroad, which is contributing so much to the development of its territory. A narrow view might lead to a conclusion that the building of good roads for general use by vehicles would tend to the disadvantage of the railroads, in that it would diminish the latter's traffic. But the contrary is the case. The extensive truck farms in the South, for instance, would not yield their handsome returns, even with excellent roads, if their only market were cities and towns within reach by wagon. Without good roads leading to convenient shipping points the railroads would hardly contribute to the profits of the farms. But by the combination of roads upon which products may be most economically hauled to the depot and railroads giving quick transportation to the larger markets, a State should reach its highest development, agriculturally, and the same time present the best opportunities for an increase in its industrial importance.

WANTED—TRUSTWORTHY AND ACTIVE gentlemen or ladies to travel for responsible house in Kentucky. Monthly pay and expenses. Position steady. Refer to one self-addressed stamped envelope. Write to W. C. Vandergriff, care of the Louisville & Nashville Railroad, Louisville, Ky.

Are you a subscriber to THE BEE? You should be.

Chapter 57) has been brought to light which prohibits the catching, killing, etc., at any time of any song or insectivorous bird. It reads as follows:  
No person shall at any time catch or possess any such bird, or any person with such intent, or in possession after the game has been caught and killed, any thrush, meadow lark, finch, martin, swallow, woodpecker, flicker, oriole, redbird or other song or insectivorous bird, except where the same shall be destructive to fruit or grain crops.  
The penalty for the violation of this statute is a fine of not less than \$5 nor more than \$15. And it may be noted that keeping such bird in captivity is a violation of law.

**Mineral Production.**  
According to the Engineering and Mining Journal the total value of the mineral and metal production of the United States for 1897 was \$762,061,106, which figures show an increase of \$18,290,228 over 1896. The most prominent item of value was coal, the total being 194,500,000 short tons, or 8,000,000 tons more than in 1896 with a value of \$205,000,000. Of this 145,000,000 tons, valued at \$118,700,000 was bituminous, and this notwithstanding the big coal strike. "The United States has not only been the heaviest producer of gold, iron, steel, copper, lead and zinc, but has also been a large exporter, sending abroad 128,300 tons of copper, \$55,000,000 worth of silver, nearly 200,000 tons of pig iron, and a large quantity of steel and manufactured products."  
Nearly everything increased largely in quantity but was cheaper than in 1896.

**HANNA ELECTED.**  
Got the Necessary Seventy-Three Votes on the First Ballot.  
Louisville, Ky., Jan. 12.—(Special.)—The Senatorial contest at Columbus terminated quickly this morning in the election of Marcus A. Hanna to the United States Senate on the first ballot. He had the necessary seventy-three votes and went in without a struggle.

**Corstalk Revolution.**  
One of the most important discoveries of the last year was the new use for corstalks, which Edward Atkinson discusses in the Boston Globe.  
"The most notable discovery of the year works in two directions," says the article. "The claims are made, and apparently sustained, for the conversion of dry corstalks into two useful substances—corstalk meal freed from cellulose or pith, and dry pith or cellulose freed from corstalk meal. The first may add to the cattle food of the country a digestible, nutritious food equal to the best of hay, and more than equal in quantity to the present hay crop of the United States. Nearly the whole of this product of corstalks has been previously wasted."  
"If the claims which are made about the use of cellulose in naval construction are sustained, it is possible, even probable, that all the existing large battleships of the navies of the world are worthless for offense or defense." It is possible, even probable, that the next development will be a steel ram enveloped in corstalk cellulose, unsinkable and impregnable, before which every existing type of battleship or cruiser must go down, ending naval war and the necessity of coast defense. Nothing more visionary or apparently absurd can be put before your readers, yet such is the promise of the corstalk."

**Railroads and Good Roads.**  
From Manufacturers' Record.  
It is announced that the Louisville & Nashville Railroad has agreed to give free transportation over its lines to delegates to the Alabama Good Roads Convention at Anniston. This is in line with the progressive policy of the Louisville & Nashville Railroad, which is contributing so much to the development of its territory. A narrow view might lead to a conclusion that the building of good roads for general use by vehicles would tend to the disadvantage of the railroads, in that it would diminish the latter's traffic. But the contrary is the case. The extensive truck farms in the South, for instance, would not yield their handsome returns, even with excellent roads, if their only market were cities and towns within reach by wagon. Without good roads leading to convenient shipping points the railroads would hardly contribute to the profits of the farms. But by the combination of roads upon which products may be most economically hauled to the depot and railroads giving quick transportation to the larger markets, a State should reach its highest development, agriculturally, and the same time present the best opportunities for an increase in its industrial importance.

**Republican Legislators Battle Fight Against Useless Expenditures.**  
Dr. Andrew Sargent, of Christian on Several Important Committees.  
Frankfort, Jan. 10.—The Republicans of the General Assembly held a joint caucus tonight at the State-house and by acclamation nominated Miss Vanzant, of Metcalfe county, for State Librarian. There was no opposition.  
The members of the House selected the following Steering Committee: J. P. Haswell, of Breckinridge county; Dr. Andrew Sargent, of Christian county; and E. H. Read, of Allen county.  
Senator W. H. Jones was declared to be chairman of all joint caucuses, and was authorized to appoint a Senate Steering Committee. He will do this in a few days.  
The members of the caucus also discussed several questions of party policy. They are opposed to allowing the Speakers a messenger, and to having the State buy newspapers for the members. On all such questions they will be for economy and reform. The caucus adjourned subject to the call of Chairman Jones.

In addition to being a member of the House Steering Committee, Dr. Sargent is on three other important committees, viz: "Charitable Institutions," "Classification of Cities and Towns," and "Public Health." This is the Doctor's first term but he is already in the list for legislative honors.

**CALDWELL COUNTY BAR Passes Resolutions Honoring Judge C. J. Pratt.**  
The following resolutions of respect and esteem were passed by the Caldwell County bar upon the retiring of Hon. C. J. Pratt from the bench:  
Whereas, Hon. C. J. Pratt has for the last five years been the judge of the Fourth judicial district of Kentucky, which includes this (Caldwell) county, and has therefore been, during said time, Judge of the Caldwell circuit court; and whereas his term of office will in a few days expire by limitation and he will no longer be such judge; and whereas he has made a good, faithful and efficient officer, therefore be it

RESOLVED, 1, That in Judge Pratt we have had an officer who was at once a gentleman, kind and considerate of the feelings of all with whom he came in contact; a man of high character and well trained mind; a lawyer of learning and ability; a judge upright, honest and impartial, whose executive and administrative ability in the courtroom equalled his attainments as a scholar and a lawyer; who pushed business without rushing it, who rapidly, who cleared up our docket and whose influence for good in our county cannot be estimated at its true worth; and after his term of office has expired, we tender to him our esteem and best wishes.  
RESOLVED, 2, That a copy of these proceedings of this meeting be sent to Judge Pratt by the secretary of this meeting and be published in the Princeton Banner and the Republican, with the request that all other papers in the judicial district copy same, and that they be presented to our circuit court at its next term with the request that they be spread upon the record of the court.  
S. C. GATES, ED. HUBBARD, J. C. HODGE, WM. MARBLE, Chairman, E. M. JOHNSON, Secretary.

**STORM NEAR HANSON.**  
John Jackson's House and Barn much Damaged.  
Dr. P. Ligon and family, of Robards, are visiting Elder W. H. Ligon and family at this place.  
Since the public schools are closing over the country, quite a number of the teachers are entering school here.  
Mrs. M. T. Gunn died at her home two miles south of town the 7th instant. Her remains were taken to her old home, Manchester, Tenn., for interment.  
Miss Bessie Rothrock, of South Carolina, who has been visiting in Hanson, returned home a few days since.  
Miss Estella Wagner, of Morganfield, is the guest of Miss Lena Brown this week.  
F. W. Livingston is having a fine family monument erected at the graves of his deceased son and daughter, Ed and Miss Edna in East Lawn Cemetery.

A beech tree standing a few miles east of town still bears the name of E. W. Ashby and the date when it was carved there which was in 1848, fifty years ago. Last Sunday afternoon about 4 o'clock a cyclone passed over our town traveling in a southeasterly direction. Many people heard the sound and became very much alarmed. The storm did no damage, however until it got about two miles from town when it swooped down leaving destruction in its wake. It moved the house of John Jackson from its foundation and over eight feet wrecking the chimneys and overturning the meat house and totally destroyed a large frame barn and scattered his tobacco to the four winds of the earth. The wind also uprooted another barn on the same farm and swept fencing and several other out buildings in the neighborhood.

**Internal Pains—Lame, Tired, Nervous—Every Bad Symptom Cured by Hood's Sarsaparilla.**  
"For nearly five years I suffered with a severe case of stomach trouble. I had pains in my stomach and bowels such that I could not stand or work without great suffering. My appetite was very poor and when I did eat anything I was shortly afterwards relieved with vomiting. I could not rest at night and felt tired and tired all over. I became nervous and had no energy whatever. My life seemed gloomy and hopeless. My husband advised me to take Hood's Sarsaparilla, as he had been taking it with great benefit. I began taking it and the first bottle did me a great deal of good. I continued with it regularly and had very much better health. I am now doing nearly all my housework." Mrs. IRINA CROCKER, Gladstone, Ia.  
"My blood was out of order and I had no energy. After taking two bottles of Hood's Sarsaparilla I felt better than for a year." MARION W. SMITH, Collinsville, Alabama.  
Hood's Sarsaparilla is sold by druggists, \$1.50 for \$5. Be sure to get Hood's.

**SOUND DOCTRINE.**  
IOWA'S CANDIDATE FOR GOVERNOR SIMPLIFIES THE MONEY QUESTION.  
Talks About Quantity of Money—His Hay Scales Illustration—How Three Banks With \$600,000 Did a Business of Many Millions—Favors an Open Field and a Fair Fight for Every Man.

The Republican candidate for governor of Iowa, the Hon. Leslie M. Shaw, appears not only to have a clear understanding of the money question, but to have the rare gift of simplifying this abstruse subject so that it can be grasped by ordinary minds. The following extracts from his speech at Red Oak indicate his style of reasoning:  
"Now, how is the party of the silver dollar maintained? It is worthy, as we have seen, its face in gold. In answer because the government of the United States has put its coin demands at the disposal of the creditor. I insist that the plan proposed by the advocates of free coinage of silver, that the government of the United States shall pay silver upon its coin demands, would cause the metals to part company instantly.  
"How much gold is needed to do our business? Just enough for convenience in measuring and determining the value of our currency, enough for redemption purposes, and enough to secure the gold of those who desire to hoard it. How many 50 pound standard weights, such as are used on the larger class of scales for weighing stock and produce, is it necessary to have? They are used to balance the scales and to keep the pound and top from fluctuating. Just enough of these weights are essential to accommodate the business. Your cattle will weigh no more if the weightmaster have two or a dozen of these standard weights than if he has one. It is essential that he have one and that this one is of the same weight as those in the market where you bought your cattle. If this weight fluctuates you will not be safe in buying cattle in one town and selling them in another. You might suffer a variation in the weight as well as in the price.  
You sell some wheat for 100 bushels and you buy it for 100 bushels. You have it deposited to your credit, or you pay some borrowed money, or you get it cashed and take the money to the store and buy some goods. I don't care what you do with it; unless you carry the currency home and take the risk of the midnight thief it will find its way to some bank before sundown.  
"I submit that it does not matter whether you sold 50 bushels of wheat or 100 for the \$50. The money used as the measure of its value is not exhausted. It is not taken from the channels of trade. It is ready for service the next morning. Then, too, the chances are that not a penny in money is used in the payment for the wheat. If you deposit your check for the money and deposit your check to another bank or to a store, no money is used, for they will deposit it. The same amount of money in the banks and in circulation will handle wheat at 50 cents a bushel or a dollar. Let me illustrate: Jan. 1, 1892, the three banks in my town had actually cash in their vaults of about \$60,000. In addition to this, of course, they had money with their city correspondents. During that year there was sold in that town and paid for over the counters of these three banks very nearly \$500,000 for hogs, a large amount for cattle, a large amount for wheat and a still larger amount for corn. The banks loaned that year to every man wanting money who could give security. There was loaned of eastern capital on farm lands probably \$100,000. The banks did a business of many millions, and when the year closed they still had their \$60,000 of cash on hand and there had not been shipped in or out during the entire year \$50,000.  
"It is charged that the people of the United States have suffered to an unprecedented extent during the last year, because of the money question. This is a charge of demagoguery. The fact is that the world has never seen such a period of prosperity as the United States has enjoyed from the resumption of specie payment to 1893. The wealth of the country never increased so rapidly. So many men never prospered.  
"But you may say the people of the United States increased. So they did, but in 1880 our people were worth per capita only \$514. In 1890 their wealth per capita had increased to \$1,039. The people of the United States were worth, on an average, more than twice as much in 1890 as in 1880.  
"But you answer these facts which cannot be denied by the proposition that this unprecedented accumulation of property is in the hands of the few; that the rich have been growing richer and the poor poorer. If that is so, it is not the fault of the gold standard or of any political party. All that any party or any standard or any legislation can do is to see to it that every man has an open field and a fair fight. It cannot exempt him from the fight. Fight he must, and the best that government can do is to see to it that no one strikes below the belt."

**Church Members in Wales.**  
In Wales there are 142,141 Congregationalists, 155,888 Calvinistic Methodists, 105,431 Baptists, 42,847 Wesleyans, 6,908 Primitive Methodists, 2,811 Bible Christians, 1,250 United Methodist free churches, 321 Methodist connection. The church of England has 128,877, thus showing that the Anglican church is in the minority in that country.

**He Should Be Trusted.**  
As for His falling you, never dream of it—hate the thought. The God who has been sufficient to pull you should be trusted to the end.—Episcopal Recorder.

**DEPLORABLE ACCIDENT.**  
Claude Maddrellington's Trial Set for Today.  
Interesting Items From Hopkinsville and Christian County.  
One of the most deplorable things that has happened in Christian county was the killing of Park Wilson by Claude Maddrellington at Gracey on Thursday afternoon of last week. The trouble seems to have originated over a young lady and a broken engagement with Maddrellington, who, which the young lady seems to have been no way responsible. Maddrellington is only 19 years old and is the son of Thos. Waddell, a prominent farmer. The verdict of the Coroner's jury ends with this sentence: "We further find that Claude Maddrellington was not in any sense justifiable in the said shooting." Maddrellington was captured in Fulton Monday and is now in jail here. The friends of the deceased Wilson paid \$50 for his capture. The time set for the examining trial is today at 1 o'clock.  
There is a possibility of Hopkinsville having a free postal delivery. The receipts of the postoffice are almost large enough to justify such an improvement in the postal service.  
A Washington dispatch says Dr. Clark has filed a protest against Collector Franks for removing Deputy E. L. Monk, claiming that there was no charge against him except that he was a Democrat.  
The Hopkinsville tobacco market has been very dull since the first of the year. Sales have been very light, but the outlook for the year is thought to be excellent.  
Judge Coulter is holding his first Quarterly Court this week.  
Next Saturday there will be another football contest between the eleven of the High School and South Kentucky College.  
An interesting program has been arranged for the meeting of the Sixth Circle of the Bethel Association in Olivet Baptist Church, Jan. 23 and 30. Delegates from the churches comprising the circle are not limited as to number.  
The terms of the old board of Asylum Commissioners has expired, and Gov. Bradley has reappointed Mr. Chas. Knight and placed Messrs. James Breathitt and N. F. Shryer as successors to Messrs. A. H. Abernathy and T. E. Bartley.  
The case of Chas. Campbell, charged at Henderson with the malicious wounding of C. N. Crowder, flagman for L. & N. railroad, has again been postponed on account of the illness of a witness for the defense.  
Green River Lodge No. 54, I. O. O. F., gave its annual reception and banquet last Thursday night to their families and friends. Beside the music by Ward's orchestra, Misses Woolwine, Jennie Winfree, Sadie Frankel and Mr. Steve Trice rendered choice vocal and instrumental selections.

Mrs. John Wolf, of this county, whose home was about four miles from the city on the Antioch road, died last Friday, Jan. 7, and was buried in the family burying ground Saturday. Mrs. Wolf was a most excellent woman, her husband and several grown children survive her.  
Saturday was teacher's pay-day again, and Miss McDaniels' office was a busy one.  
Tandy Williams, a convict who was sent from Christian county to serve a sentence of seven years for house-breaking, was placed in the penitentiary at Nashville. The man is dying of consumption.  
Treasurer Tandy of the Western Lunatic Asylum, has received the regular quarterly allowance of \$23,000 for that institution.  
Two Christian County ladies were appointed postmasters last Saturday. Sallie Hickey at Valley's Mill and Lucy E. Dixon at Howell.

Trenton is to have a city election on the 14th of this month. It has been a "dry" town for several years.  
Missionary Lecture.  
Rev. J. A. Silsbury, who has been a missionary in China for a decade or more, will deliver a free missionary lecture at the First Presbyterian Church, this city, Friday night of this week.  
CROFTON.  
Hurrah for Mark Hanna!  
Mr. Engleass Davis is very sick.  
Mr. G. M. Clark, of Hopkinsville, was in our town Sunday.  
Baptism plasters cheap at W. H. Mar- 1st! 1st!  
Rev. Rickard preached to a large audience at the Baptist church Sunday night.  
Rev. J. W. Crowe and wife, of Mortons, are visiting friends at this place.  
Mr. Ben Martin and wife, near Dawson, are visiting kinsman and friends here, this week.  
Mrs. Florence Capps, of Princeton, is visiting her mother at this place.  
There was a party at Ernest McCullay's Friday night.  
Wonder if Mr. Williams would lend any one his buggy? Well, you don't know.  
Jackson Cronor, who lives near this place, lost a number of fine sheep a few days since. They were killed by dogs and scarcely any left.  
License has been issued for the marriage of B. W. O'Neal and Miss Dasha Glover, both of North Christian.  
Jno. Lanier, formerly of Bainbridge, is now a citizen of Crofton.

Married, at the residence of R. L. Melton, near Crofton, Mr. Abram Long and Miss Long, daughter of Long, Aquilla Long. The bride is an estimable and accomplished young lady of Crofton and the groom is an industrious young gentleman of the same place. He has been employed for some time as weigh master and for the Empire Coal Co. After the ceremony they drove to their newly furnished home where they expect to reside. May happiness and continued prosperity attend them through life.  
On January 5th, at the residence of the bride's father, G. W. Brown, near Concord, Mr. Coleman Butler and Miss Ella A. Brown. After the ceremony by Rev. R. L. Melton, they were escorted to the home of the bride.

**Thin Blood**  
Where the blood loses its intense red—grows thin and watery, as in anemia, there is a constant feeling of exhaustion, a lack of energy—vitality and the spirits depressed.  
**Scott's Emulsion**  
of Cod-liver Oil with Hypophosphites of Lime and Soda is peculiarly adapted to correct this condition. The cod-liver oil, emulsified to an exquisite fineness, enters the blood directly and feeds its every corpuscle, restoring the natural color and giving vitality to the whole system. The hypophosphites reach the brain and nerve centres and add their strengthening and beneficial effect. If the roses have left your cheeks, if you are growing thin and exhausted from overwork, or if age is beginning to tell, use SCOTT'S Emulsion.

Be sure you get SCOTT'S Emulsion. All druggists; \$1.00 and \$5.00. SCOTT & BOWNE, Chemists, New York.

**TO THE**  
**Earlrlington People,**  
**GREETING:**  
WITH Best Wishes for the Holidays and New Year, we desire to acknowledge, with gratitude, your very liberal patronage, in itself a proof to us of your confidence and esteem, and to extend to you our sincere assurance of future good faith and solid value in our offerings for the coming year. As in the past, we will endeavor to furnish the best goods at fair and honest prices.

**Begin Right:**  
When you buy a poor thing it worries you as long as it lasts. When you buy a good thing you are glad of the few extra cents, or possibly dollars, you spent for it every day you possess it. We have no poor, mean goods in our store. Everything the money's worth most abundantly. You will be glad you bought it here, and you will come again.

# The Bee

"By Industry we Thrive."

## LOCAL NEWS.

Mr. Frank Pettit, of Philadelphia, who has been visiting Mr. J. B. Atkinson, left for home on Monday.

Adams "Californians" play high class dramas such as "The Bell" as well as comedy. The performance is a refined one.

The new iron bridge work has arrived and the bridge on West Main street over the creek is being rapidly completed. This is a most substantial improvement and a credit to the city and the city officials who have ordered it placed.

The demand for houses in Earlington was probably never more urgent than it is this winter. Ten beg for a house and are ready to take it whenever available at a price until they can move in, whether they can use it in two days or two weeks.

Mr. Perry T. Wilson, for several years a bookkeeper for the Hecla Coal Co., at this place, and a most estimable gentleman, has embarked in the produce and commission business in Louisville. The firm is Wilson & Wilson, and established in 1894. We wish the best success.

Earlington has developed into a town this week. There are attractions beside the debut, which latter has been put out by the more unusual not a few, but more attractive of the traveling show. "You pays your money and you takes your choice."

Public school began again on Monday with renewed energy after the holidays. Earlington continues to be blessed with public school for nine months in the year. Less appreciative and less than in the past. The school is a State term of five patronize private interest of the year.

Sp ordered a nice bill of printers' supplies for will, which has all the complete, and doctor to do even better of sick than in the past. Thank the patrons of NOT of liberal of Please, attendance and 25c. and is able to print thing-line or or The printed. Our will prove our asser-

unless you need them, and then on pure drugs, such as are sold by a responsible druggist. We keep the best. That is the great distinction to be looked for when the times come that you need them. Never else will you find so complete a stock. A good time to begin the spring medicine.

ST. BERNARD DRUG STORE, 111 BERNARD, BRYAN HOPPE

## In the Storm.

Mrs. and Mrs. William Hughes, of Morganfield, had a narrow escape from the cyclone that caused so much damage there Sunday afternoon. Our readers will recognize in Mrs. Hughes, Miss Myrtis, daughter of Mr. and Mrs. Wm. McCarley of this place. Their home is just across the street from the store house that was damaged and the building in which the marriage of Morganfield was held. The storm swept across their lot, tearing in pieces a large tree that stood thereon, but missed the house and they escaped. Mr. McCarley could not get a telephone message to his daughter until Tuesday morning and he and his wife were somewhat anxious for a while.

## How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that can not be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Props., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. Wm. & T. TRUAX, Wholesale Druggists, Toledo, O. W. L. KINMAN & MARVIN, Wholesale Druggists, Cincinnati, O.

Hall's Catarrh Cure is taken internally and acts directly upon the mucous surfaces of the system. Price 75c. per bottle. Sold by all Druggists. Testimonials free. Hall's Family Pills are the best.

## A New Stable.

Barrett & Arnold, liverymen here, are breaking ground preparatory to erecting a new livery stable in Earlington. It is to be located on West Main street beyond the stable of Isaac Davis and almost opposite that of W. S. McGary. When this is done that part of Main may well be called livery stable row. The building will most likely be of frame, iron clad with flat sloping roof of iron or composition. That is the present plan according to specifications drawn up by Lee Oldham. The structure will be about 150 feet long and well arranged.

Persons who are troubled with indigestion will be interested in the experience of Wm. H. Perry, chief clerk in the railway mail service at Des Moines, Iowa, who writes: "It gives me pleasure to testify to the merits of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For two years I have suffered from indigestion, and am subject to frequent attacks of pain in the stomach and bowels. One or two doses of this remedy never fail to give perfect relief. The 25 and 50 cent sizes for sale by St. Bernard Drug Store, Earlington; Ben T. Robinson, Morgantown Gap, George King, St. Charles."

## Magazine Club.

The Ladies Magazine Club held a pleasant meeting with Mrs. J. E. Moore on Thursday last. Mrs. Geo. C. Atkinson reviewed "Higher Life of Pain"—Outlook, and Mrs. J. F. Ford reviewed "A Group of Players"—Harpers. Miss Eula Long, of Madisonville, who was visiting Miss Celeste Moore was a guest of the club. The next meeting will be held with Mrs. W. F. Burr on Thursday, Jan. 20 at 2:30 p. m. Mrs. W. C. Morton and Mrs. Wm. Wendel are on the program.

## The Surprise of All.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in stock and selling lots of it, he, as a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at St. Bernard Drug Store.

## A Warwick Dilemma.

We have before us the number of the "Louisville Medical Monthly," which contains a handsome page devoted to the "old custom" of the annual election on Thanksgiving night of class officers of the Louisville Medical College. The "Monthly" produces in excellent style a half-tone picture of the six class officers chosen at the last election to whom it refers as "the officers-elect of the graduating class of '98—the victors of L. M. C. politics—who stand ready to guard with jealous zeal the name and honor of the graduating class of '98."

Of these chosen ones our friend A. Warwick Davis, of Morton's Gap, is Vice President. He will finish his course and come home with his sheep-skin, a full fledged M.D. at the close of the present term. Ample is known as a capable and popular young man and his prominence in his class is no surprise to his numerous friends.

## Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver trouble they have been proved valuable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken the system, but by giving tone to the stomach and bowels greatly invigorate the system. Sold by St. Bernard Drug Store.

The State Board of Health condemned the sewerage of Eastern Lunatic Asylum.

To Cure Constipation Take Chamberlain's Candy Coughs. It Cures Cough, Croup, Whooping Cough, Sore Throat, etc.

THE LIVE

## EMMA PREWITT LACKEY.

A Former Society Belle of Madisonville Now on the Operatic Stage.

One of the Cast in John Phillip Sousa's New Opera Playing at Boston.

Mrs. Emma Prewitt Lackey has made her debut upon the operatic stage and she is one of the cast in the big company under the management of Klaw & Erlanger—the "Bride Elect" company—producing John Phillip Sousa's latest and best operatic creation the "Bride Elect." Her part in the cast is that of "Morgorilla." This opera was produced for the first time on December 28th at Hartford, Conn., and was received with great enthusiasm. This company of eighty people has now entered on an extended engagement at Park Theatre, Boston. The music of the "Bride Elect" is said to be of higher class than Sousa's "El Capitan" and its success seems assured.

Mrs. Lackey, formerly Miss Emma Prewitt, of Madisonville, has had a taste for literary, musical and theatrical things since she was a young girl. While in her teens she wrote a novel "Karlina Lloyd" which was sold quite extensively in this part of Kentucky. She was married to Dr. Lackey of Sweet Springs, Mo., a few years since. The Doctor was with her at Hartford when she began her engagement with the "Bride Elect" company.

## What Everybody Knows.

Or ought to know, is that health and even life itself depend upon the condition of the blood. Feeding, as it does, all the organs of the body, it must be rich and pure in order to give proper nourishment. Hood's Sarsaparilla makes the blood pure, and nourishing, and in this way strengthens the nerves, creates an appetite, tones the stomach and builds up the health. Hood's Sarsaparilla wards off colds, pneumonia and fevers, which are prevalent at this time.

## Died.

Mrs. Sallie McGary, wife of T. Y. McGary, of Earlington, died Monday January 10, 1898 at their home in this place. She has been an invalid for many months. Her maiden name was Sallie Rodgers and she was born near Columbus, Miss. She and Mr. McGary were married in December 1867 and moved to Kentucky in 1885. The deceased was an excellent woman and a member of the Cumberland Presbyterian Church. Her husband and several children survive her. The remains were interred at Earlington Cemetery Tuesday afternoon.

## Beauty, Utility and Value.

Are happily combined in Hood's Sarsaparilla Coupon Calendar for 1898. The lovely child's head in an embossed gold frame, surrounded by sprays of flowers in mosaic, the harmonious pad in blue with clear figures, and the Coupons by means of which many valuable books and other articles can be obtained, make up the most desirable Calendar we have ever seen. The first coupon article is Hood's Practical Cook's Book, a handsome, useful volume of 350 pages. Ask your druggist for Hood's Coupon Calendar, or send 6 cents in stamps for one to C. I. Hood & Co., Lowell, Mass.

George Peters was killed at Beaver Dam Tuesday morning while attempting to cross the railroad track in front of the fast express train.

## Everybody Says So.

Cascarella Candy Coughs, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispel colds, cure headache, fever, indigestion, constipation and biliousness. Please buy and try a box of C. C. today. 10, 25, 50 cents. Sold and wanted to cure by all druggists.

About 350 acres of wheat in the county has been sold for delivery, when the crop is threshed, at 70 cents per bushel. This is some 40 cents over the price offered a year ago.

A neglected cold is an all-embracing cause of disease. It clogs the lungs with mucus, it weakens and breaks down the lung tissues. It poisons the blood by depriving it of its natural supply of oxygen. Dr. Bell's Pine-Tar Honey is an unfailing cure for coughs and colds of all descriptions. Up-to-date druggists sell it. For sale by St. Bernard Drug Store, Earlington, Geo. King, St. Charles.

The Herald and Ledger of Russellville have consolidated, and the name of the paper will be the Herald-Ledger.

## A Cure for Lame Back.

"My daughter, when recovering from an attack of fever, was a great sufferer from pain in the back and limbs," writes Grover, of Sardis, Ky. "After using quite a number of remedies without any benefit she tried one bottle of Chamberlain's Pain Balm, and in a few minutes she was able to get up. The balm has given entire relief."

Chapman's Pain Balm is also a certain cure for rheumatism. For sale by Ben T. Robinson, Morgantown Gap; George King, St. Charles; St. Bernard Drug Store, Earlington.

Smith's school building at Earlington is a public school building at 80 pupils. This is a wing and the principals are pleased.

Allen's Arnica Salve. Salve in the world for Cuts, Bruises, Ulcers, Salt Rheum, Fever, Itching, Chapped Hands, Chills, and all Skin Eruptions, and positively cures Piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25c per box. For Sale by St. Bernard Drug Store.

Peaches and fruits of all kinds have gone into winter quarters in excellent condition, and prospects are now favorable for a full crop next summer.

Don't Tobacco Spit and Smoke Your Life Away. To quit tobacco easily and forever, be magnetic, full of life, nerve and vigor, take No. 28, the wonder worker, that makes weak men strong. All druggists, 10c or 25c. Cure guaranteed. Booklet and sample free. Address: Sterling Remedy Co., Chicago or New York.

Alarming reports of Secretary Alger's illness are not justified by the facts.

## LOCOMOTIVE BLAST.

Supt. Martin and other officials made a close inspection of the Henderson and St. Louis divisions last week, and we are informed that some needed improvements will be made this year on buildings and the construction of new ones.

The accident which occurred last week and which resulted in the loss of a life shows the necessity of the railroad company demanding a strict enforcement of the law against the jumping off and on moving trains when duties do not require it; and while the railroad officials are strict on this subject, it is a fact that persons who are not employed to jump on and off by employees with no intention of doing harm.

Conductor Bramwell is now in charge of a through passenger run between Nashville and St. Louis.

Law agent Bramwell informs us that he was called upon to take statements in accidents occurring to four persons at different points, all of the same name.

The many friends of Conductor Gephardt are pleased to see him in the position of conductor on the Hopkinsville accommodation—a good selection.

It is reported that a new passenger depot will be built at Earlington this year and improvements made on the freight depot.

Supt. Harahan, of the Illinois Central, passed through last Saturday.

Foreman Edmondson is said to be the oldest section foreman in point of service now under Supervisor Sullivan.

Brakeman Slaton, on the Earlington and Hopkinsville local gave The Bee office a call this week and subscribed for The Bee.

Harry Ogden, former agent at Slaughter, took his last ride on the Territory last Sunday, but we understand, for fear he should not be pleased with his position in the West, he holds a lien on the agency at Slaughter.

All of the young men recently promoted to the positions of engineer and conductor are proving themselves worthy of the upward step they took.

The Evansville Tribune says "Good engineers appear to be an article of C. & E. I. is just now greatly in need of. Several engineers in the employ of the road have been killed within the last month and a letter sent to Terre Haute from Chicago states that the road will make every effort to secure some desirable men for service on the road. With the letter comes a rumor among the employes of the road that there is to be a wholesale chopping of heads in the engine service of the road."

It might be in a pinch that the Hendersons could furnish them some good ones if the warm weather continues long enough to cripple the coal business.

An Evansville exchange has this to say of the reported changes on the O. V. branch of I. C.: "Supt. W. J. Harahan, of the Henderson, has been promoted to the position of Trainmaster at J. J. Flynn, who has been promoted to the position of the Evansville division."

Supt. Harahan said Mr. Flynn would not become superintendent of the Evansville division; that there would be no change whatever so far as he knew; Supt. Washington would remain at Evansville.

Supt. Harahan, in regard to the reduction of working hours at the shops in Paducah, said the reduction would remain in force until the fall. The facility in work usual at this season of the year is what occasioned the change.

The Railroad Gazette has been investigating the amount of railway equipment to be required in the first half of 1898. It has received replies from railroads owning 67 per cent. of the total freight-car equipment of the country. These roads will need a total of 24,000 freight cars, and it is estimated that 28,000 cars will be required within the next half year. This is within 12,000 of the total number of cars built in 1897. The total number of cars of 24 engines, and it is assumed that all lines will require 400. This does not include railroads in Canada or in Mexico.

The Richmond Locomotive Works have received an order for fifteen Navy compound consolidated locomotives of the most modern design for the Canadian Pacific Railroad.

The West Milwaukee shops of the St. Paul Railway now employ 2,400 men. They are busier with work than they have been since 1893.

Brakeman McDaniel, who recently had one of his legs run over by a car in improving, and the doctor says he will be able to walk although they have been compelled to take out part of the bone.—New Era.

SEVEN DOCTORS FAILED. A Case of Systemic Catarrh in Its Worst Form Cured.

Invalids would do well to read the following letter recently written to Dr. Hartman by Mr. Abe Miller, of Stillville, Indiana. Not only read it, but ponder on it, and act upon it.

"I have taken ten bottles of Pe-ru-na and I weigh 165 pounds. I feel as if I could do as much work as any man on earth. I had tried seven doctors; some of them as good as the best in the state, but none of them did me any good. At last I saw Pe-ru-na advertised. Then I began taking it and it has cured me. So I recommended it to my neighbor and it is doing the work for him. He has gained four pounds from the use of three bottles."

Send to The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio, for a free book on catarrh written by Dr. Hartman. Ask your druggist for a free Pe-ru-na Almanac for 1898.

"Mammy Maria," or "Mammy Carroll," a negro woman known to be over one hundred years old, died at the county infirmary in Harrison county.

OUR GUARANTEE \$100.00 IN GOLD. We will pay One Hundred Dollars in Gold for any and every case of cough and cold where the patient has used Dr. Otto's Spruce Gum Balsam. It contains nothing but purest ingredients and is pleasant to take. Beware of imitations.

The Lexington Chapter of the Daughters of the Confederacy will observe the birthday of Gen. Robert E. Lee on January 19. Special exercises will be held.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All Druggists refund the money if it fails to cure. 25c. For sale by St. Bernard Drug Store, Earlington, Ky.

The Russian Embassy. The Russian Embassy in London is talking of taking a winter trip this spring.

## MORGANFIELD CYCLONE.

Palhavoc with Buildings and Mills the City Marshal.

at Estimate Places Loss about \$20,000.

Morganfield, Ky., Jan. 10.—This town visited by one of the most furious storms in its history last night. The funnel-shaped cloud raged town before dark, unroofing the Methodist Church and the Pans Hotel, totally demolishing the two-story brick hardware store of H. L. Mart & J., the City Hall and J. M. J. Jewell's store.

Crown Roller Mill building was considerably damaged and the stinkstack blown down.

Harve Sellers, the city marshal, who was in the police office at a time, was instantly killed by falling walls. He was a married man and leaves a wife and a family. He was a prominent man and member of the A. O. U. M.

The damage done is estimated at about \$30,000, distributed as follows: Mart & Bros.' store, total loss, \$20,000; C. F. Jewell's poultryhouse, \$1,500; City Hall, total loss, \$6,000; Hose House No. 1, \$1,000; Parsons House, \$1,500; Methodist church, \$200; William Warr's residence, \$200; old Methodist church, \$500; Marion's tail shop, \$500; Crown Roller Mill \$500. Several residences were damaged.

Lier news places the loss at not over \$20,000. Marshal Sellers' funeral occurred Monday last. A large force of men were cleared away the debris.

## Scars on His Neck.

"My little brother had scrofula very bad; but after taking a few bottles of Hood's Sarsaparilla he was cured and no signs of the scrofula remain except a few scars on his neck. It has been three years since he was cured by Hood's Sarsaparilla." MISS AUCIE PERRY, Argenta, Ky.

Hood's Pills act easily and promptly on the liver and bowels. Cure sick headache.

## OWN IN THE MINES.

We add upon investigation that our report of the wonderful showing made by the St. Bernard Coal Company last six months' 1897, won't agree with the facts and instead of only a loss of four days but few show that all their miners got in full time in the coal mines.

Howard White is pushing the new electric light plant to completion and in a short time expects to have the machinery ready for operation. The dynamo has been put in place.

Foreman Toombs informs us that he has nearly completed a new blacksmith shop for Moscow Craft, over by the fifth hill. This is a good, substantial building, 30x50 feet.

Spt. Salmon, of Crabtree mines over last Sunday, and reports sale of coal good but at very low prices on account of sun warm winter weather.

E. E. Unstead says the new compressor has been placed in position, and he now waits the arrival of the new air receiver, before it is given a trial.

Judging from the expressions heard, the gold hunters who will enter the Klondike fields from this region in the spring will be overladen with gold.

John Fagan, who is said to be one of the best coal men in the mines, and who was recently injured, is understanding on road to recovery. Although no bones were broken John had a close call and all are pleased to know he escaped so well.

It is wonderful, but nevertheless a fact, that on cold days with orders crowding in and the supply of coal much less than the demand, that George Atkinson almost loses his bearing powers when called up by the telephone to receive coal orders.

An exchange says the foundation for the great industrial growth in this country is largely due to the mineral productions, and that the discovery of all kinds of minerals constantly increasing, the statement must be true.

The value of the coal productions in the United States for the year 1897 is said to be \$24,222,322 or nearly the third of the entire mineral productions.

Even free silver Mexico shows an increase in the gold productions for the year 1897 over that of 1896.

Quite a large portion of the citizens of the United States are adverse to expending Government money on those who with eyes wide open, make a dash for the Klondike gold fields, and that for the purpose of enriching themselves, better in their opinion would be to distribute among the poor at home that \$200,000.

The rate of wages for miners of anthracite coal in the Schuylkill region for the last half of December and the first half of January has been fixed at 4 per cent. above the \$2.50 basis.

FOR ALASKA BUSINESS. THE BURLINGTON'S GREAT ADVANTAGES. Take the short line to Puget Sound, viz: The Burlington Route via Billings, Mont. and the N.P. R. R. From 50 to 200 miles and several hours of journey saved from the Missouri Valley via this direct Northwest Main Line. Look at the map from St. Louis, Kansas City or St. Joseph, via Lincoln, Neb., and Billings to Seattle, Tacoma and Portland. The Burlington Route is also the scenic line via Colorado to San Francisco and Portland.

## Before Retiring....

take Ayer's Pills, and you will sleep better and wake in better condition for the day's work. Ayer's Cathartic Pills have no equal as a pleasant and effectual remedy for constipation, biliousness, sick headache, and all liver troubles. They are sugar-coated, and so perfectly prepared, that they cure without the annoyances experienced in the use of so many of the pills on the market. Ask your druggist for Ayer's Cathartic Pills. When other pills won't help you, Ayer's is

## THE PILL THAT WILL.

## The Rainy Night.

WRITTEN FOR THE BEE.

When work is done, the day is gone, And I am home again, I love to lay awake at night And listen to the rain. Though sometimes tired and sleepy, too, And headache—what a pain; I'd neither stay awake and hear The patter of the rain. I should not like a storm at sea, Or wreck upon a train; But how sublime it is to hear The gently falling rain. The new tin roof overhead Adds to the soft refrain, And makes complete my melody: The music of the rain. Though I have cares and sorrows, too, And trouble through my brain, I banish all to listen to The whispering of the rain. —Allan Jameson Lawless.

Better Than A Klondike Gold Mine. Good health is priceless when once lost. When you have a slight cold or cough, invest 25c. in a bottle of Dr. Otto's Spruce Gum Balsam. The returns are greater than a half interest in an Alaska gold mine, as gold cannot be lost. Beware of a slight cold.

Cuban insurgents are particularly active in the eastern end of the island.

No-To-Bac For Fifty Cents. Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c. All druggists.

Many of the striking engineers in England are applying for work, and the end of the long struggle is near.

WANTED—TRUSTWORTHY AND ACTIVE. Gentleman or ladies to travel for responsible, established house in Kentucky. Monthly \$60.00 and expenses. Position steady. References. Entirely self-addressed stamped envelope. The Dominion Company, Dept. K, Chicago.

Senator Jones has introduced a bill to make a cut in State salaries amounting in the aggregate to \$60,000 annually.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All Druggists refund the money if it fails to cure. 25c.

Merchants are expecting a good year's business.

Dr. Otto's Spruce Gum Balsam is a scientific remedy based on modern discoveries and compounded by a chemist of proven skill. It gives great relief to all lung diseases, a life-saver. Ask your druggist to procure it for you if not in stock. Sold in two sizes, 25c. and 50c.

## PAY-DAY COMES TOMORROW.

A happy New Year to you, boys: God bless the means that brought it; Let's show, this year, our common sense, And help the men who taught it. None need to seek our homes tonight With look of pain and sorrow; It isn't like last year, you know, For pay-day comes tomorrow! How long—Oh! God alone can tell— How long it seemed we lasted! How many weary, hungry days Our shut doors must have lasted! Now, brightly from behind the cloud Come joys we do not borrow; This New Year's Day we glory in, For pay-day comes tomorrow!

Last year, though willing heads and hands Were
